

Monday Night Jan. 17, 72

Dear Vickie and Jim,

I just got home from my Swedish class and dad and I are loaf watching the Monday Night Movie. The Wed. night class at the college had to be discontinued because only eight showed up this quarter and we have to have twelve so I am having the class over at our house. I think it will be ~~fun~~^{fun} having it here. I will serve coffee and brownies. The teacher even quit so my Swedish Club teacher is going to teach the class and she is excellent.

I was glad to get your letter today and thank you also for the check.

The trip to the Med. is so great and I am so excited about you going over Vickie. Jim you made the right decision when you took the job at Dohlgren. You are certainly

getting to travel and that is what you wanted to do.

Mary and Mike were here this week-end. Ruth and Milt Maschke were over Saturday night but Mary and Mike came over Sunday. I had a fire in the fireplace and I fixed a cheese fondue with ham and a salad. We ate at the card table and dipped the bread cubes in the fondue and after eating we played bridge. We won a dollar which the bridge jar gets.

Ruthie and Jack are having a cousins party this Friday night. It will be a pot-luck dinner so every one will bring something.

You were lucky to miss the real cold weather in Russia. I noticed in the paper it was 2 below. We talked to Nellie in Minneapolis the other night and it was 28 below and the wind was blowing.

Stella and Harold are going to

Hawaii the last of January. Our
weather isn't bad but it is wet.
All the passes have been having
slides so the mountain driving is
really bad.

More later.

Love,
Mom.
